n/

I am a graduate of Erciyes University, Department of Computer Engineering(%30 English). I worked on Python image processing in the Fire Department Drone project. I work part-time as a software developer at Erciyes University Information Technologies Department. I have a TUBITAK project on Artificial Intelligence in Health. It is open to development. I am curious, stable and love to learn.

EXPERIENCE

SOFTWARE ENGINEER (PART TIME)

Asp.net core (Web) developer, Erciyes University, Department of Information Technology

August 2023 - June 2024

- Security Camera with Raspberry Pi,Arduino (RE-DE)
- Fingerprint Scanning-Card Scanning System with C (RE-DE)
- Job Tracking System with ASP.NET CORE MVC C#

ARTIFICIAL INTELLIGENCE DEVELOPER

sadektek

September 2023-October 2023(1.5 months)

- Deep learning,ML,Algorithms,Data Science,Python
- Laser Pulse Unmanned Ground Vehicle Project
- Raspberry Pi, Nvidia Nano Jetson

INTERSHIP

- Türk Telecom
- Erciyes University Information Technology Department

PROJECTS

- TEKNOFEST 2023 DRONE -TYPE1 UAV -Python (Data Training, Deep Learning, Artificial Intelligence.)
- RPA Project (Robusta Academy 2 Months Technical RPA Training)
- Movidle Game and Flight Search Java,JavaFX,Java Spring Boot (Basic)
- ATM Application Calculator - C#

SKILLS/LANGUAGES

- Intermediate Java, Python, C#, OpenGL
- Adaptability and continuous learning
- Database and SQL
- Data Science,Deep Learning
- Project management
- Team Player
- Analytical Thinking Persuasion Skill
- Object Oriented Programming
- English B2
- Spanish A1

EDUCATION

TURHAL ŞEKER SCIENCE HIGH SCHOOL BACHELOR OF COMPUTER ENGINEERING

2014/2018

Erciyes University, 2019- 2024
